

Jason Shutt's 2024 Sales

Last year, Jason once again was a Top Producer on Bainbridge Island, ranking #4 in overall sales volume (\$32,880,000), #5 in closed listings (12.5), and #6 in total closed homes (16.5). Only about 5% of agents on Bainbridge Island close 10 or more sales annually. Jason is proudly a part of that group, closing a combined 38% of the overall residential sales on the island. With over 125 real estate brokers based on Bainbridge, and more than 250 agents closing at least one-half of a sale annually (co-listing or co-buyer transactions), it's worth noting that 83% of those agents close fewer than five sales per year – well below the level needed to gain the experience required to serve clients with the professionalism Jason consistently delivers.
